

MCLE Multiple Activity Provider Renewal Helpful Hints

In reviewing applications of providers who are renewing their provider status, we come across ongoing problems or concerns that often delay the review and/or processing of applications and at times are a cause for the return of an application:

1. **Failure to list four “eligible activities.”** The activities given must be on dates of four different courses that occurred within two years prior to the date you are due to renew.
2. **Incorrect calculations of MCLE hours.** The calculation of hours for MCLE credit for California members is based on 60 minutes of legal education instruction to equal one hour of MCLE credit. Legal education is the actual length of time devoted to an acceptable legal education topic.

Members **DO NOT** receive MCLE credit for the following parts of a course presentation:

- A. Breakfast/registration/vendor exhibits/demonstrations
- B. Scheduled breaks, rest periods, or meal times
- C. Luncheon presentations that do not indicate the actual length of the speaker's presentation
- D. Any marketing topic relating to advertising to promote the firm or the attorney's services, gaining or obtaining new clients, ways to increase the firm's income, etc.
- E. Non-legal functions including: business or company meetings, networking, receptions, entertainment, tours, evaluations, certificates or award ceremonies

Members **DO** receive MCLE credit for the following parts of a course presentation:

- A. Welcome, opening remarks, and introduction of speakers
- B. Closing remarks, questions and answer periods
- C. Self-assessment tests (must be timed)

3. Failure to provide clear and adequate descriptions of subfield credit(s).

- A. **Legal Ethics:** Description or supporting material must focus on the Rules of Professional Conduct for attorneys with a reference to the Codes and may not focus on business or corporate ethics, federal or governmental ethics, or ethics in general
 - B. **Bias:** Content of the program must focus on interactions between attorneys in a legal setting or in the courtroom among jurors, investigators, the judges, witnesses, or other participants in a legal situation that are not a part of the public/spectator audience
 - C. **Substance Abuse/Mental Illness:** Programs with a substance abuse content must focus on the “prevention, detection, and treatment” of substance abuse for attorneys or as it affects their clients and others in society.
4. **Programs that relate to “Law Practice Management”** may apply toward “general MCLE credit” when the program focuses on the higher academic and practical education of the attorney and may NOT focus on basic subjects with content that can be directed to any other audience who are non-attorneys.
 5. **Renewals submitted without the appropriate filing fee.** Applications and payments should be submitted together. Loose checks may easily be misrouted, returned, or not applied to your renewal application.
 6. **Failure to indicate a time schedule for the Audit Activity.** If the activity is only one hour, the start and end time should be indicated either on the attendance record or on an attachment. For activities lasting longer, especially in a multi-day conference or a day-long seminar event, the agenda must agree with the total hours of MCLE credit. To reduce confusion that causes further delay in the review process, the appropriate sessions on which MCLE credit is given may be highlighted on any program agenda, brochure, flyer, etc., that is attached with the renewal application for review. Part of the review process is to verify the total hours. More importantly, we need to feel certain that providers are calculating the hours correctly and giving members the correct amount of credit. Note: Concurrent sessions are counted only once.
